

Effective 11/26/18, if you are permanently or temporarily disabled and unable to sit East/West, you may request North/South seating for up to one week at a time.

We need to know what day(s) you will be playing and who you will be playing with. There will be NO permanent N/S seats reserved for anyone. Everyone must make a reservation.

The easiest way to do this is by sending an email to: scdbc.directors@cox.net. All the Directors have access to this email address.

If you do not make a reservation ahead of time, you will not be guaranteed a N/S when you arrive at the game.

If you have made a reservation and cannot play that day, please call or email and let us know you will not be there.

If you do not use email, you will have to find a way to notify the Directors, Club Manager, or a Board Member of your need for a N/S seat or your cancellation of same.

We understand that some of you really need a N/S seat at our games. However, if you do not, please don't reserve a N/S just because you prefer to sit that way. Mix it up a

little and play in a different direction once in awhile!

We appreciate your cooperation and efforts to make reservations only when absolutely necessary.

Thank you.

Jo Harris, President
